A couple had the preacher over for a meal. After the meal and the preacher had left, the woman noticed one of her spoons was missing. She looked everywhere for it but couldn't find it, so she finally concluded that the preacher must have taken it.

After a year had passed, the couple invited the preacher back for another meal. The woman could stand it no longer and asked the preacher if he had taken the spoon. He answered, "Yes. I placed it in your Bible."

Recently, a group met to discuss the planned mission trip to Costa Rica and a comment was made by Wes Parker that really struck me. He said if we were really interested in going on this trip we needed to know our Bibles and be able to answer questions that could be brought up. I think that same comment could also apply to each of us in our daily walks. There are many opportunities to share God's Word with others but we need to devote our time to reading Scripture and studying the Word. If you are like me, you get these weekly updates on your electronic devices about how much time you spend on talking, scrolling, playing games, and other activities. Think about that time and compare it to the daily time you spend with your Bible open. A recent study found that less than a third of Christians read their Bibles daily. 2 Timothy 3:16 – 17 states "All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the servant of God may be thoroughly equipped for every good work." So our knowledge of the Bible is an important part of being a disciple of Christ. **Freddy**

All scripture is inspired by God
and is useful for teaching, for
reproof, for correction, and
for training in righteousness...
